### Notes

Protection from unauthorised access has not been applied as the gaming device is a computer server. The concessionaire has provided a presentation of the procedures preventing unauthorised access to the server room. The concessionaire shall inform GLI of any changes to the measures preventing unauthorised access to the server. The settings are appropriate for an internet gaming system operated by a casino.

### Statement

Pursuant to Article 3.b of the Games of Chance Act (Official Gazette of the RS, no. 14/11 – official consolidated text, 108/12, 11/14 – corr. And 40/14 – ZIN-B), the Regulation on technical requirements for gaming devices used for gaming and the compliance assessment procedure (Official Gazette of the RS, no. 59/08, 88/09, 37/11, 38/14 and and 32/15), and Regulation on Gaming via the Internet or Other Telecommunications Means (Official Gazette of the Republic of Slovenia, Nos. 42/08, 103/08 and 109/12), as well as the valid decision on our appointment as an institution for issuing gaming device test reports, GLI EUROPE BV hereby issues the following Gaming device test report, which defines the key characteristics of the gaming device and is issued pursuant to the certificates on the compliance of the type and inspection report. The identity of the gaming report with the technical documentation of the approved type has been verified through inspection. As a result of the compliance assessment procedure for the particular device we found:

### Result

The gaming device **IS COMPLIANT** with the prescribed technical requirements
